

## To Help Students and Young Teachers

© E. P. Kazandzhan

Bauman Moscow State Technical University, Moscow, 105005, Russia

*Some standard situations inevitable for teachers are considered. The author – an educator with 40-year teaching experience – proposes to his younger colleagues his own view on such situations and attempts to help them to work out their individual behaviour algorithms.*

**Keywords:** *teaching of mathematics, pedagogical technique, estimation, function study, logic.*

E.P. Kazandzhan, Ph.D., Assoc. Professor of “Applied Mathematics” Department of Bauman Moscow State Technical University. E-mail: [kazan1936@gmail.com](mailto:kazan1936@gmail.com)
