The paper presents a mathematical model of the automatic flow regulator and fluid temperature controller. The controller does not contain an electronic control unit and electric drive systems. The test calculations showed that the controller can perform its core control functions.

Keywords: automatic regulator, liquid with a low boiling point, the equilibrium boiling, actuator, canceller.

Unaspekov B.A. (b. 1954), Professor of the Industrial and Civil Construction Department of L.N. Gumilev Eurasian National University. An author of more than 80 scientific papers on gas supply, ventilation, and building thermal physics.

Sabdenov K.O. (b. 1964) graduated from the Tomsk State University in 1990. Professor of the Space Technique And Technology Department of L.N. Gumilev Eurasian National University. An author of more than 80 scientific papers on combustion of condensed systems, gas dynamics, fluid dynamics and nonlinear physics. e-mail: sabdenovko@yandex.kz

Zarko V.E. (b. 1941) graduated from the Tomsk State University in 1963. Dr. Sci. (Phys.&Math.), Professor of the Novosibirsk State Technical University, Head of the Laboratory of Condensed Systems Combustion of the Institute of Chemical Kinetics and Combustion of Siberian Branch of the Russian Academy of Sciences, Novosibirsk. Author of 11 inventions and more than 160 scientific papers in the field of diagnosis and investigations of combustion of condensed systems. e-mail: zarko@kinetics.nsc.ru

Erzada M. (b. 1976) graduated from the University of Tokyo in 2007. Assoc. Professor of the Space Technique And Technology Department of L.N. Gumilev Eurasian National University. Author of more than 30 scientific papers in the field of plasma physics and the study of combustion of condensed systems

Igembaev B.A. (b. 1978) graduated from the Tashkent University of Communications in 2004. Lecturer of the Space Technique and the Technology Department of L.N. Gumilev Eurasian National University. Author of more than 15 scientific papers on automation and heating of buildings. e-mail: igembay@enu.kz
